Recipes - Sequencing Information

Read the poem *Pirate Stew*. Have you ever tried to follow a recipe? A recipe begins with a list of ingredients; all of the things that the cook will need in order to make the meal. Next, the recipe explains what to do with each ingredient. Each step has to be in the right order so that the cook knows what to do first, what to do next, and so on. Make up a recipe for Pirate Pie. What ingredients will a cook need to make Pirate Pie? What should the cook do first? Second? Draw a picture to show what the pie will look like when it's finished.
